As a husband and wife team, we strive to provide a private, comfortable, and relaxing experience for our clients. To accomplish this, we offer a private session in our studio, an online viewing album with cropping and standard editing. We ask that our clients arrive hair and makeup ready. We want your photos to be unique, so we ask that you bring your own wardrobe; clothing that you're comfortable with, rather than wearing something off the studio rack that may or may not fit your taste and body type.

Not to be combined with any other offer.

\$50 non-refundable deposit required, balance due at time of portrait session. Price is valid for individual sessions only. No sales tax to Oregon residents. All major credit cards accepted.
